

UNITED KINGDOM MATHEMATICS TRUST

British Mathematical Olympiad Round 1 2008/09 Masterclass

**10 am – 12 noon, Saturday 6 December at King's College London.
Henriette Raphael Function Room, Henriette Raphael Building,
Guy's Campus.**

A debriefing on the BMO1 paper will be conducted by Dr Gerry Leversha (St Paul's School and a member of the British Mathematical Olympiad Committee) at 10am on Saturday 6 December.

This session is available free of charge, and provides a great opportunity for candidates and teachers (and parents) to review the BMO1 question paper. There will be the chance to ask questions, discuss strategies, and find out more about what the BMO1 marking panel is looking for.

Refreshments will be served after the event, when you will have the opportunity to talk to other pupils and colleagues who sat the BMO1.

The session will last about two hours, and will be held in the Henriette Raphael Building on the Guy's campus of King's College London.

London Bridge is the closest underground and mainline station.

If you have any further queries, please contact the Maths Challenges Office on 0113 343 2339 or email enquiry@ukmt.org.uk

There is an additional event being organized in Birmingham by Dr Tony Gardiner. This session for students and teachers will take place from 4 – 6pm on 5th December at the School of Mathematics, University of Birmingham. Please contact Dr Gardiner via email at a.d.gardiner@bham.ac.uk in advance if you hope to attend. Please note that this event is being organized by Dr Gardiner and not UKMT so please contact him directly with any queries.
